SPRING 2014

Message from Chairman, Bryce Edgmon

I'd like to thank those who attended the 2014 annual shareholder meeting this past March. Congratulations to Olga Kropoff, Jack Savo Jr. and LouAnn Backford for being re-elected to the Choggiung Board of Directors. I'd also like to commend the family of Alberta Hoseth for their participation in honoring "Bertie" for being named Choggiung Shareholder of the Year.

There is a sense of optimism at the corporation that has not been seen for some time. We've worked hard to improve cash flow and streamline operations. With that in mind, the focus in 2014 remains on the need to improve the overall bottom line and move away from the dependence on the annual 7j payment.

The upcoming year will be a busy one. Several investments are beginning to take shape as I write, including the building of the new courthouse facility in Dillingham. A major renovation of the N&N Market building will also be underway during the spring of 2014.

I urge you to contact Choggiung for more details about any jobs tied to these projects. We'll be doing our best to hire shareholders wherever possible and to keep everyone informed about employment opportunities through our website and social media.

Please feel free to contact the office with your questions, comments or thoughts you might have on any issues related to Choggiung and its companies. In the meantime, be safe and enjoy the upcoming summer season and catch lots of fish!

Wishing you and your family all the best,

Bryce Edgmon
Board Chairman

Choggiung Investment Corp. Wins Bid to Build New Courthouse

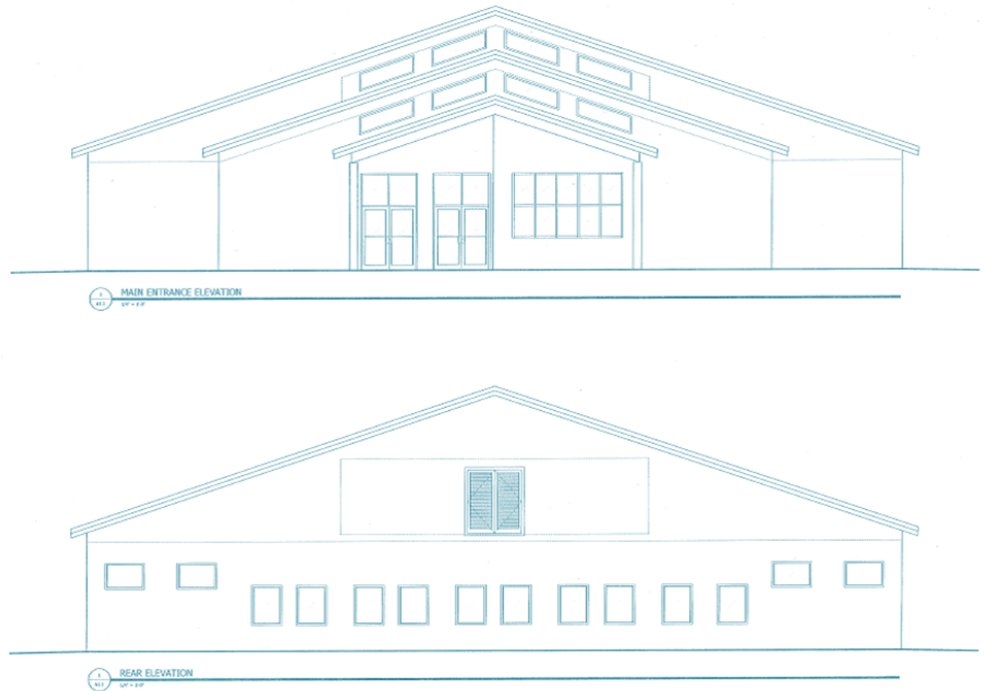

As our regional population grows, the need for space for our local justice system inevitably grows with it. Last fall the Alaska Court System issued a request for bids to build a new courthouse facility in Dillingham. In December of 2013, Choggiung Investment Corporation (CIC) was notified that they were awarded the bid.

Alaska Court Systems is currently leasing space from CIC for their Dillingham Courthouse which they have outgrown. A new long term lease has been drafted and accepted by the court system.

The new courthouse will be located at Mission Subdivision near the Dillingham Airport. Plans for the building are in the last stages of being finalized and bids for contractors have been sent out. The date for ground breaking is yet to be determined.

In accordance with the bid specifications the new courthouse should be ready to move into by May of 2015.

Next year the old courthouse building, which is approximately 6000 square feet, will be vacant. Already, CIC has been contacted by several local entities that are interested in leasing the space. While CIC is considering some of their own options for the vacated space, a decision has not yet been made for its future use.

Choggiung Shareholder of the Year

Alberta “Bertie” Thomas Hoseth was born on March 12, 1929 in Cordova, Alaska. She grew up in Tatitlek and Eklutna, Alaska. Bertie moved to Sitka to attend High School at Mt. Edgecumbe.

She was an all-star for the Mt. Edgecumbe Braves averaging 22 points per game. In the 1940’s girls basketball was played differently than we know now; they were only allowed to play half court and allowed to dribble the ball only once.

While attending high school she also took up the mandatory home economics class where she learned how to make clothing, care for babies and the sick. Bertie was in the first graduating class from Mt. Edgecumbe in 1948.

After high school Bertie had two choices for job placement: Barrow or Dillingham. In order to move to Barrow it was required that you owned a parka and mukluks, which she didn’t have so she moved to Dillingham to work for the hospital.

Bertie met Mike Hoseth, whom she married on October 21, 1948. Together they had

three children: Michael, Thomas and Carolyn.

Bertie had opened an Ice Cream Parlor for a few years, and later “Birdies Market”, a store which she and her family owned and operated until 1968 which then became N&N Market.

Bertie and Mike were always hand in hand; they enjoyed hunting, camping, fishing and participating in the community. She was a commercial fisherman with her husband for 38 years. Together Bertie and Mike built a cabin on the Wood River, which eventually became their year round home until the late 1990’s.

Bertie has eight grandchildren and 17 great-grandchildren with two more on the way. She is most proud of passing on her traditional knowledge of how to process fish from start to finish. She has full confidence that if she dropped off 500 fish to her grandchildren they will process the fish and she will not worry.
